Parley of the New York Democratic Factions

NEW YORK, April 1.—A committee [illegible] appointed by the democratic union [illegible] Monday to devise the best plan for bringing about a union between the Tammany and anti-Tammany democracy met this afternoon and appointed a sub committee of five to call upon the two existing democratic organizations of this city and invite each of them to appoint a sub committee to meet this committee in conference for the purpose of devising a plan to secure the election of the united representation of the democratic party of the city of New York as delegates to the coming convention.

Arrival of Grant at New Orleans.

NEW ORLEANS, April 1.—Gen. Grant reached this city this afternoon, where a committee from here met him. He was heartily received along the whole line of travel, and on arriving here was escorted by a large procession to his hotel and welcomed by Gen. Bussy and reviewed the procession.

LOUISVILLE, April 1.—Both branches of the assembly have passed a bill insuring privacy in execution of criminals.

..., Buchanan & Co., distillers, who failed two years ago owing a million and a half, completed the payment of all their debts to-day.

Nebraska Democratic Convention.

LINCOLN, April 1.—The democratic state convention met here to-day. A motion to abolish the two-thirds rule in the national convention was adopted by a vote of 88 to 67. The committee on resolutions presented a report favoring hard money and low tariff, denouncing the wrong inflicted upon the democratic party and the country at large by the republicans in 1876, and pledging the democracy of Nebraska to right those wrongs as far as possible and punish wrong doers.

Polk County, Iowa for Blaine.

DES MOINES, April 1.—Ninety-seven of the delegates comprising the Polk county convention have been instructed for Blaine. The minority delegates, 21 in number, to the state convention, will be inclined to vote for Blaine.

Trouble on the Mexican Border.

SAN ANTONIO, April 1.—A detachment of ... had a fight on Monday with ... desperadoes. Thirty shots were exchanged. Two Mexicans were killed.

Last Week in a Business View.

NEW YORK, April 1.—The clearing house exchange reports for last week are remarkable, because while they represent transactions of only five full days of business in this and other cities where Good Friday was observed as a holiday by stock and other exchanges, the comparison with a week of uninterrupted traffic last year, they show a remarkable increase. San Francisco alone reports a decrease, and that only 6.6 per cent. All other cities have gained. The evident truth is that a tide of business which has been but slightly checked here by the uncertainty of the money market and the sharp pressure of times felt, has not been checked at all in other parts of the country. There has been no monetary disturbance except in Wall street, and the tendency to stringency here has been greatly exaggerated by the efforts of large operators, who have been anxious to buy stock at cheap prices. Increased activity already appears, and it is to be expected hereafter in the chief grain moving centres because of the reaction of prices to a level which encourages exports, and in the great manufacturing towns by a large demand for products at remunerative rates. In some branches there has been some recession, but not such as to check pro...

WASHINGTON CITY.

Official Confirmations.

WASHINGTON, April 1.—The senate confirmed the following nominations: Joseph ... Wingate, of New Hampshire, U. S. consul at ... of the Chinese port, James M. ..., register of the land office, Colfax, W. T.; Wm. Metzger, postmaster, Dayton, W. T.

The Great Freight Job.

The sub-committee of the house committee on Pacific railroads, who were instructed by the full committee to inquire into the alleged contract between the Pacific railways and the Pacific Mail Company, have not prepared their report upon the subject, but it is understood they will take the ground that such contract would be obnoxious to the ... tenets and precedents of commerce, but the almost universally changed conditions upon which commercial transactions are based justify a radical departure from former precedents.

Public Debt Statement.

WASHINGTON, April 1.—The debt statement shows a decrease of the public debt for March of $14,719,397; cash in the treasury, $201,106,...; gold certificates, $8,835,500; silver certificates, $11,295,920; certificates of deposit outstanding, $8,840,000; refunding certificates, $1,320,450; legal tenders outstanding, $346,681,016; fractional currency outstanding, $15,585,297.

A Party Threat.

Prominent republicans have been aware for some weeks that a movement is on foot to make a second republican nomination in case Grant is successful at Chicago. The matter has progressed so far as to make such a result certain. Thus far the principal work in this direction has been done in Massachusetts, New York and Missouri.

CANADA.

A Canadian Exodus.

MONTREAL, April 1.—The exodus to the United States of French Canadians from the rural districts grows in volume. Within 48 hours 500 have gone over the Vermont Central, chiefly to Massachusetts.

Goldwin Smith's Views.

TORONTO, April 1.—Goldwin Smith in his magazine, says that Grant is notoriously destitute of administrative merit. The more outspoken of the third termers do not shrink from avowing that they are for a fourth, fifth, sixth, and seventh term. They are in favor of a military presidency for life which, after a long disuse of elections, might pass more easily into dynastism than they imagine. If society can be saved from confusion only by the man on horseback, then the man on horseback it must have, but let it at least see what it is doing.

THE KANSAS REPUBLICAN CONVENTION.

The Blaine Men Strongly in the Majority—They Carry the Organization and Select Delegates to Chicago

[SPECIAL DISPATCH TO THE OREGONIAN.]

[illegible] The republican state convention of Kansas assembled here. [illegible] ... was chosen temporary chairman and committees on credentials and order of business appointed and the convention adjourned until 8 P. M. The organization was ... At the evening session reports were received from committees. The temporary organization was retained. Majority and minority reports were received from the committee on rules and order of business. The majority report recommends the election by the convention of ten delegates and ten alternates. The minority report recommends the election of four delegates and four alternates at large, and a recess to allow each district to select two delegates each. The previous question was demanded on the adoption of the majority report when general filibustering motions were made, the rulings of the chair being invariably against the Grant men. The majority report was at last adopted by a vote of 184 to 115.

The following resolution was offered and the previous question moved on its adoption:

Resolved, That the following named gentlemen be elected as delegates to the national republican convention: John R. Martin, Perry Hutchinson, Geo. H. Case, B. Mair, O. B. Benedict, S. F. Simpson, B. W. Perkins, P. B. Plumb, H. S. Wolcott and Wm. Thompson.

Mr. Edwards raised a point of order that the convention has no authority to elect the whole delegation under call of the national republican committee. He also demanded that the call be read, which the chair refused to allow. Mr. Wright announced that the second district proposed to send its own delegates to Chicago, and would not submit to the election of their delegates by this convention. A motion to substitute the name of John J. Ingalls for that of John A. Martin was ruled out of order. Several points of order were raised and overruled, and a rising vote being had the chair announced that 331 votes had been counted while there were only 316 delegates with the right to vote.

The resolution passed, 188 to 118, and on motion of Morrell the following were nominated for presidential electors: John Schilling, W. F. Peffer, J. B. Snoddy, R. W. P. Muse, E. Ritchie.

The Test Vote.

ST. LOUIS, April 1.—A private dispatch from Topeka, Ks., says that the vote for chairman of the state convention stood 197 to 117. This is regarded as a test vote of the full strength of Blaine and Grant. The same dispatch predicts a bolt of the Grant men from one, perhaps two congressional districts.

Kansas Will Support Blaine.

CHICAGO, April 1.—A Topeka dispatch says that Blaine will receive the Kansas vote in the republican convention.

SEVERE CHARGES

Against the U. S. Consul at the Samoan Islands by the Agent of San Francisco Merchants

[SPECIAL DISPATCH TO THE OREGONIAN.]

WASHINGTON, April 1.—Representative Horace Davis has received and will to-morrow file at the state department an elaborate communication addressed to Secretary Evarts by Theodore A. Lord, of San Francisco, making very serious charges against Thomas T. Dawson, formerly of Oakland and now U. S. consul at Apia. Lord's truthfulness and reliability are vouched for to Congressman Davis by a number of most respectable citizens and business firms of San Francisco interested in the Samoan Islands who write to him that Lord was selected by them to go to Samoa and advise them of the true state of affairs there on account of his well known integrity. Lord charges Consul Dawson with working in the interests of the German government and German business houses against the interests of the American government and American citizens. He says that he is a man of bad character, in fact infamous, wherever he is known. He is personally dishonest and corrupt, and nothing less than a petty thief.

Lord also severely criticizes the convention entered into by Consul Dawson and the German and English representatives with the new wing, Malietoa, by which it is proposed to create Apia into a municipality, under the control of foreign consuls, with authority to levy a tax of five per cent per year upon American residents, and he and his San Francisco friends ask Secretary Evarts to disapprove this convention.

Davis, the correspondent above referred to, says in closing these charges: "Until some decent, reliable man be appointed to succeed Dawson, there will be no safety for American interests at Samoa, and no encouragement for Americans to contend for a portion of its trade. If there were a reputable consul there, a company would be formed here at once to operate the sugar plantations of these islands, but parties are waiting for a change of consuls to be made before doing anything."

BY ATLANTIC CABLE.

The English Election and Victory for the Liberal Party.

LONDON, April 1.—The *Times* in a leading article on the result of the polling yesterday says that the conservatives must admit very grave discouragement. The balance of the gains and losses is on the whole decidedly in favor of the liberals, and it is obvious that if the tide of success flows as strong as it did yesterday in favor of the opposition, the whole ministerial majority of 1874 will have melted away. This is more ominous for the ministry, because it is acknowledged that the loss of several seats in Scotland and Ireland, certainly a dozen, and perhaps a score, is inevitable.

The *Standard*, conservative organ, says that minor defeats are as likely as not to be succeeded by important victories in elections to follow.

The *Telegraph*, liberal, says: "No such sweeping change is manifest as that which struck down the great party in 1874. The result cannot be predicted from one day's polling."

The *Pall Mall Gazette* admits that the government is defeated. The number of votes cast thus far aggregate 343,568 liberal and 23? 370 tory.

The Surrey Steeple Chase.

The Surrey open steeple chase was won by Bacchus, Muskadin second and Hopbloom third. Five started.

The Siamese King's Visit to England Postponed

LONDON, April 1.—An envoy of the king of Siam is expected on his second visit to England in May. It had been arranged for the king himself to come and invest Queen Victoria with the order of the White Elephant, but his visit is postponed in consequence of the indisposition of the ex-regent, who would in the king's absence have the reins of government.

Cuban Affairs.

MADRID, April 1.—The government has signified its intention to discuss the Cuban estimates before taking up the imperial budget, as the situation of the treasury of that colony requires prompt measures. The government during March provided the captain general with $9,000,000 for suppressing insurrections. Every shade of opposition in the cortes is anxiously watching Cuban affairs.

SHERMAN TALKS

Speech at his Home at Mansfield, Ohio.

Some Personal Statements—Facts about the Present Administration and its Results—What Democratic Success this Year would Mean

[SPECIAL DISPATCH TO THE OREGONIAN.]

MANSFIELD, April 1.—Secretary Sherman, in a speech here to-night, referring to his previous innocent remark that he had come home last fall to repair his fences, said that thanks to his friend Mr. N..., those fences were now in repair. He had come home because he wanted to, because his heart turned towards home. He continued: "What I say to you will be read by many who do not sympathize with you in your generous partiality. I [illegible] to them as well as to you that what I say shall be frank, manly and truthful. By the course of recent events and not by myself seeking, my name is mentioned among those from whom the republican party will select to carry its banner in the approaching presidential contest. It is not egotism to state this fact, and it is not manly to shrink from enti[re] ... and scrutiny which such a course necessarily invites and provokes. I accepted the position without pretense of mock modesty, because I did not think it right to allow my friends trouble on my account without a frank avowal that I was willing to accept, and without delaying until certain of success [Applause], but with a firm determination not to detract from the merits of services of others, not to seek this lofty elevation by despicable means or lying evasions. [Applause.] In this way, and in this way only am I a candidate, but with a great doubt whether if nominated I would fulfill the expectations of friends, and resolved in the case of failure that I will abide cheerfully and kindly by the voice of the republican convention. [Applause.] There is one condition scarcely necessary to state upon which my candidacy depends, and that is, if the republicans of Ohio do not fairly and fully in their convention express a preference for me, and support it with substantial unanimity in the national convention, my name will not be presented to that convention with my consent. [Applause.] This, fellow-citizens, is about all and is perhaps more than I ought to say about personal matters for in the great contest in which we are about to engage the hopes and ambitions and even the lives of men are of but little account compared with the issues involved. When American politics are so tranquil that a mere choice of men and not great principles is the bone of contention between parties, then it is a matter of comparative indifference who is nominated. But the contest this fall between the republican and democratic parties will present for decision questions of gravest importance. The candidates chosen for the republican party must be those who will not only fairly represent our side of these great issues, but who will probably be most certain of election.

"The republican party is the party of principle and the democratic party is the party of opposition. The republican party wins only upon its bold leadership on questions of public policy. It proposes now to maintain the policy of resumption and refunding which has been so successfully executed thus far, but must be supported hereafter by friendly action of the government. It proposes to maintain and enforce the constitutions amendments with all the powers of the national government, to the end that every man, poor or rich, white or black, may be secure in the full enjoyment of civil and political rights. [Applause.] It proposes to foster and extend the system of free common public schools both by state and national governments to the end that every child of the proper age may receive instructions in the primary branches of education, and thus give to the poor as well as the rich a fair chance in life so that the opportunities to win an honorable position in life may not be confined to any favored or fortunate class. [Enthusiastic applause.]

"I believe that the republican party is the only party in this country that has the courage and ability to carry out these great objects of national desire, and that the controlling elements of the democratic party cannot and ought not to be trusted to secure either of these primary conditions of good government. Though there are many men in that party whose friendship I highly prize, yet I have never concealed from them or from you my profound distrust of the principles and the tendencies and the aims of that party, and now, more than ever, I would regard its success in gaining control of the executive and judicial branches of the government as an unmixed calamity."

The secretary then referred to the great changes that have taken place since 1877, when the democrats elected senators from the great central states whose control passed from the hands of the republicans.

He vindicated the president's southern policy and said that it had been more criticized than any act of his administration, and said that he believed it was wise and for the best interests of both whites and blacks.

Referring to the desperate and dangerous condition of finances three years ago when hard times had deprived men of work and encouraged tramps, riot and violence, he said that paper was below par, distrust, idleness and thriftlessness were uppermost, and 4½ per cent bonds were with difficulty sold at par. Now the before idle men are busy, money is at par, credit universal, capital no longer hoarded, new industries springing up, and the public debt rapidly decreasing, this month's decrease being greater than ever before by $14,000,000. [Great applause.] Hundreds of millions of our bonds are sold above par and at a large premium, and bonds at a still lower rate may perhaps be negotiated. The republicans last fall carried by a majority or plurality, every northern state where elections were held.

It is confidently believed that Oregon and Indiana would have gone republican if they had had elections, and that in a fair election five southern states would give a republican majority. These are the changed conditions under which the campaign is entered. He did not attribute it all to the policy of the republican party, for Providence giving bountiful crops and willingness to work aided their policy, without which the republican party could not have succeeded. If democratic ideas had prevailed our credit would be languid, industry flagging, and currency depreciated. The question now is whether democratic policy shall supplant republican. Democratic administration would in the course of one administration change the supreme bench to a democratic body. He alluded to the hold which the south has upon the entire government as a disgrace which would read strangely in history. If they carry the next election and gain complete control, then the rebellion of 1861 is a success. If not, they will admit to equal rights for all classes. Every citizen in the south as in the north must be secure in the enjoyment of civil and political rights, and every power of the national government must be exercised to this end. [Loud and long continued applause.] This issue is broadly defined, and the only question is whether it shall be now settled once for all, or whether by ceaseless agitation continue to disturb our politics. The south never can and never ought to prosper while the great body of her laboring population is [illegible] deprived, as is the case now, of rights [illegible] given them by the constitution. [illegible] is growing and the south will be decaying until this issue is settled as all such issues must be in a republic, in favor of [illegible] by law of every person in the enjoyment of liberty and justice. Next to the [illegible] and judicious enforcement of law by the courts, the best remedy in the south would be the encouragement of common schools [illegible] are almost universal in the north. This should be done as a matter of [illegible] policy both by the state and national governments. If the colored people of the south were relieved from ignorance, it would be more possible to [illegible] over them by kuklux [illegible] than it would be possible to [illegible] in the north. I say then in conclusion that the republican party is about to appeal to the American people to stand by the policy that has secured [illegible] prosperity and will secure to all our people equal civil and political rights. Let the national convention at Chicago, after full consideration and without bias or prejudice, say who best can secure success, and the republican party, like a well drilled army, will wheel into line and over[illegible] the last vestige of the great rebellion of 1861. [Loud and prolonged applause.]

With regard to the reported contest of the election by workingmen, Auditor Dunn, Attorney Murphy and Tax Collector Tillson, three members of the board of election commissioners, say that a general conference and discussion was held on the evening of election day, but nothing definite was accomplished. Mr. Murphy has given his opinion that there was not sufficient ground for contest.

CALIFORNIA LEGISLATURE.

Attempt to Prevent Fishing in the Rivers by Chinese and to Change the Militia Laws.

[SPECIAL DISPATCH TO THE OREGONIAN.]

SACRAMENTO, April 1.—In the senate to-day German's bill to prevent the Chinese from taking fish in the bays and rivers of the state was discussed for an hour. The main objection to it was its provision denying any alien the privilege of fishing. This was amended by using the words aliens incapable of becoming electors. The previous question was finally called and the bill recommitted on motion of Dickinson.

The act to ascertain the meaning of sections to the political code concerning the state militia was called up. The design of this act is to prevent the organization of rifle clubs of W. P. C. and disarm companies already organized.

Enos denounced the bill as the most monstrous measure ever introduced, declaring it to be hostile to the spirit of free institutions.

Conger followed in a speech characterizing the bill as infamous, and saying that there had never been a time in San Francisco when the authorities could not maintain the peace.

Dickinson said that the bill was entirely constitutional and its design was to bring the entire militia under proper discipline.

The bill was refused engrossment by a vote of 20 to 16.

Notice of reconsideration was given.

The Debris Question before the Assembly.

Cameron called up his motion to consider the vote by which Young's substitute for the debris and drainage bill was passed. The motion brought up the whole debris question again, and several long speeches were made. The general drift of the discussion was that although the bill in some respects could be bettered, delay was dangerous, and that members who wanted legislation should secure what they had got. The motion to reconsider was lost: ayes 34, noes 43.

Distressing Report from the North.

[SPECIAL DISPATCH TO THE OREGONIAN.]

VICTORIA, April 1.—A correspondent from near Clinton writes: The whole country north of Clinton to Peace river is covered with snow three feet deep. All the cattle in the vast district of Chilcoaten have perished for want of food, and fifty per cent of those that grazed on the left bank of the Frazer. This is the 15th of March; the days are cold and the nights bright and very cold. The winter may last three weeks longer, and then there is no chance for the remnant of live stock. The oldest Indian never saw such a terrible winter as this has been. In many places the dead bodies of the deer have been found standing in the forest frozen stiff. The bounding deer turned into a lump of ice and the starving Indian trying to cut a venison steak with an ax would make a picture of life in northern latitudes very interesting to those who spend their lives in well aired rooms.

Cuban Affairs.

HAVANA, April 1.—Drought has prevailed over three months in the most fertile portions of Cuba, and has done immense damage. Tobacco crops in Vuelto Abajo are almost destroyed, and plantations are unusually exposed to fire. Luckily fires have been comparatively few. The estimated total sugar crops will not exceed 400,000 tons.

The insurrection in the eastern part of the island languishes, but robbery and vagrancy increase fearfully.

OF NO INTEREST TO HIM.

LAFAYETTE, March 27, 1880.

TO THE EDITOR OF THE OREGONIAN:

I see John Henry moved a reduction of interest in a Linn county convention. It is a wonder here what difference it makes with him. Unless there is a change from where he lived in this county, no vote of interest could be made high enough to enable him to borrow, and none low enough so that he would pay. CREDIT

THE NORTHERN PACIFIC ONCE MORE.

Whether the proposed act to renew the land grant of the Northern Pacific railroad shall pass or not, it is quite certain that no act will pass declaring the forfeiture of the grant and restoring its unearned portions to the public domain. It is settled that without additional legislation the company can hold the grant, and it also may be regarded as a certainty that if any further legislative action shall be taken it will be of favorable character. Recent indications of hostility to the road, evinced by the railroad committee of the house of representatives, were only the result of a purpose to force the friends of the Northern Pacific to make confessions to the Texas Pacific road. Beyond all doubt it has been a great detriment to large sections of country that the lands granted to the Northern Pacific company have been so long withheld, to the exclusion of settlers; but it is to be remarked that this has been the result of misfortune for which the company as now constituted is not responsible, and furthermore, that the road is now building rapidly and the exclusion cannot continue much longer. The failure of the original company to build the road as expected was due to insurmountable obstacles. It promises now speedy completion; but this promise would be defeated were the grant now withdrawn. Seven years ago construction was proceeding rapidly, and it was believed that before the present time the road would be completed across the continent. But the failure of the most successful financier developed during the period of the war stopped construction, and in the general depression that followed it was impossible to resume. It took time to bring order out of the chaos of the company's affairs and set the enterprise in operation again. Meantime there was a reaction against railroad investments, and an opposition began to develop to the policy of land grants. And yet what could the country lose by such a grant? It has large bodies of land, almost valueless in their isolation, but for sale at $1 25 per acre. It gives one acre for construction of a railroad and charges $2 50 for the other, which the purchaser is glad to pay, as one acre with a railroad is worth ten without one. Experience has shown that one transcontinental railroad is not sufficient. The south is soon to have a road across the continent, and the north must have one also. Competition benefits the people; unchecked monopoly benefits only the monopolist. Hence it is justly argued that if congress is legislating for the benefit of the people it should either establish rates for the monopoly or encourage competition. Again, if the object is to encourage an enterprise that will the more rapidly develop undeveloped domain, it is evident one road across the continent is inadequate to the purpose. A body of country 1500 miles north and south requires more than one east and west railroad. In England it is demonstrated a body of land 3½ miles wide on either side affords sufficient traffic and travel to support a road. American humanity worthy of this part of the nineteenth century is not satisfied with a railroad 500 or 1000 miles away. It is the means of transit that belongs to the age and is especially demanded where valuable minerals abound as on the line of the Northern Pacific. The Northern Pacific has become, also, a military necessity in the double point of view—as an American line parallel to the Canadian Pacific and as suppresser of Indian hostilities. The rapid and economic transit of troops and supplies, the establishment of strong settlements the destruction of game and timber are all elements in the solution of the Indian problem. All these are considerations which must and do have weight in congress; and therefore is little reason to fear that the grant to the Northern Pacific will be withdrawn. If there be no hostile legislation, it will pretty certainly be completed within four, or at most, five years. The enterprise is in able hands, and is pushing ahead with an energy that should and will satisfy all reasonable expectations and demands. Within the next four or five months not less than eighteen thousand tons of materials for the road will be landed at Portland and despatched up the Columbia river. By the time the rails can be had the grade, bridges and ties will be fully ready for a long section beyond Snake river.

THE DEMOCRATIC SITUATION.

The fact that the republicans have a long list of conspicuous candidates for the presidency, while the democrats have few or none who appear at all available, attracts the notice of the New York *Herald*, and moves it to offer the democratic party some advice. The republicans, it observes, are talking about their ablest and most prominent men. Blaine, Sherman, Washburne, Edmunds, Evarts and Hayes are all men of note and prominence, and any one of them would be able to carry the united strength of his party. But while the republicans are talking about their most eminent men, the democrats seem to prefer looking for their candidate with a lantern. They do not, indeed, lack notable men; but when one of them is mentioned some objection always presents itself. There is Bayard; but his speeches of 1861, recently exhumed by the kindness of Mr. Tilden, are supposed to have laid him on the shelf. There is Thurman; but as he showed a fatal weakness by surrendering to false financial theories at a critical time, he is therefore regarded as out of the question. There is Tilden; but his name is the symbol of a hopeless quarrel in his party. There is Hendricks; but he is a weak fiatist of Indiana, and could not possibly carry any eastern or middle state. As for the conspicuous southern men of the party, they are all under the ban because of their participation in the rebellion. Then where is the man? The coming republican is pretty certainly in the list of conspicuous names before the country; but where is the coming democrat?

It is said to be Mr. Tilden's plan, in view of the southern opposition to him, to slough off a large part of the south, and let the party stake more of its hopes on chances of success in the northern states. This plan seems to the *Herald* to be one of great merit; and here is where that journal's advice comes in. It urges the south to break up, on the ground that the democratic party "can never be anything but weak and helpless while it carries about with it this wretched tail of a solid south; and whether it is true or not that Mr. Tilden recognizes this fact, it is undoubtedly a fact which statesmanship in the party ought to see. If, between now and the 1st of June a great part of the south should openly abandon the democratic alliance, and declare for the republicans, the democrats would be relieved of a burden which they cannot carry, and while they might not succeed in November, of which by the way they have a very slim chance in any case, they would at least be able to make a formidable show of real democratic votes and to make themselves the party of the future." This may be good advice, and probably it is; but the reason to suppose that the view of the political situation on which it is based will be accepted either by the leaders or masses of the democratic party of the southern states is somewhat of the smallest and most hopeless.

Sammy and Tony, now yoked in a common cause, constitute a brilliant and powerful team in journalism. Both are stirred to the depths of their strong and noble natures by the notice we have given of their partnership. What we did was simply to set forth in plain words the charlatanry which lies behind their pretense of publishing newspapers. Both try to live by working over THE OREGONIAN's news, pretending that their poor and stale abridgement is "identical" with the news as it appears in our columns, and offering it as their own. It was proper to advise the public against this as against any other deception and imposture. They publish only a meagre and ill-digested rehash, never presenting any important subject fully, because they can't pay even for setting the type and to save expense as much as possible they lift the "matter" in type from one paper to the other, though they always have to wait for their "copy" till THE OREGONIAN has first appeared. As they parade "the news" presented in this way as the same news that appears in THE OREGONIAN, it is both the right and the duty of this journal to expose the fraud. It would be the duty of any business house, under similar circumstances to do the same. Both Sammy and Tony flatter themselves that they are making inroads upon the business of THE OREGONIAN by using methods which, in any line of business would not only be extremely disreputable in themselves, but would besides be an imposition and fraud upon the public. That they have not succeeded is due to the discrimination of the public and the exposures of THE OREGONIAN. It is unnecessary for this journal to speak of its position or boast of its patronage. Since four years ago, the growth of its business, then already large, has been at the average rate of twenty-five per cent. per annum, enabling it to extend largely its facilities for news. It has more patronage by far from democrats than the *Standard*, and more by far from the agricultural classes than the *Farmer*; it is entirely satisfied with its business, knows how to protect it, and takes satisfaction in furnishing the only paper in the northwest which affords the news and gives the people the worth of their money. And moreover it takes pleasure now and then in giving quacks and impostors a whack, who in a sneaking way try to build themselves up by trading on its news and its name. As something is said by Tony once more, about our alleged "monopoly" of telegraphic news, it may be stated to the public that so far are we from having a monopoly, that the *Standard* has been offered, *with our consent*, a whole line of commercial news at a rate forty per cent less than we pay, for the very same news; and yet this news has been shut off from that paper because it can't pay for it. All the monopoly we have or ever had simply consists in the fact that the business of THE OREGONIAN enables it to buy the news. If other papers can't buy the reports, it is no concern of ours. We may remark, however that it isn't at all likely that Sammy and Tony, joined as partners, will be much stronger than either standing alone. False imbecility and quackery to the second, fourth or any other power, and there is no change in the result, except additional dilution and weakness. Such now is the combination between the *Farmer* and *Standard*.

It would certainly be better if well known citizens, who seek the columns of the newspapers as a means of reaching the public, would confine themselves to matters in which the public have an interest, and let personalities alone. It certainly does not consist with their dignity, nor with the proprieties, to offer for publication matter which must be severely expurgated before it can be printed at all, and which even then is still so scurrilous that an editor is hardly justified in allowing it to appear. We trust this hint will serve for notice that communications loaded with personalities are not wanted by THE OREGONIAN. The letter from Mr. W. H. Watkinds which we insert to-day, is admitted only because others have published "rough" things about him. But there must be an end of this business, and we desire all concerned to take notice that this method of personal attack and vituperative retaliation cannot be carried on through this journal. Mr. Stanley and Mr. Watkinds are both sufficiently known, and it is useless for them to publish each other as scoundrels. Men never can write each other down so effectually as they may write themselves down.

The Virginia (Nev.) *Enterprise* says that the majority of men on the Pacific coast are poor, and such will always be the case until prospecting ceases and men are taught the rough lesson that if they would possess a competence they must devote a life-work to its acquirement. We think this talk more sensible than if the *Enterprise* had advised poor men, whose only possible resources are in their own industry, economy and sobriety, to form clubs, hold meetings and depend on "agitation" for improvement of their condition.

At last Nast has a rival. A cartoon in *Puck*, representing Conkling worrying over the gem puzzle, how to get the Grant block ahead of the Blaine one, is as good as anything Nast ever did. It is the work of Kepler, artist of the *Dramatic News*, of New York, and like Nast is German. It is rather odd, by the way, that we Americans, after denouncing the "Dutch" for two generations for their want of humor, should now have to acknowledge that our two best pictorial humorists are "Dutchmen" born.

FRIDAY MORNING APRIL 2 1880

CITY.

JUDGE SHATTUCK'S ADDRESS—Hon E D Shattuck delivered a very able address before the Social Science Association at the Unitarian church on Wednesday evening. The subject, "Realizable Ideals in the Administration of Law," was one peculiarly within the recognized capacity of the speaker's fine analytical and legal mind and he handled it in a way in which it could have been presented by but few men in the state. Judge Shattuck is generally recognized as having no superior as a man of deep thought, rigidly logical in his methods of reasoning and a stickler, if we may be allowed to use the term, for the rules of practical common sense in everything he undertakes. Therefore the realizable ideals which he advocated were such as with the wisdom which law makers and executors ought to possess could be attained even admitting all that is asked for human imperfections. He did not attempt to carry the imagination of his hearers into the realms of the unattainable nor to depict the kind of government we might have were the constitutions and nature of men changed but dealt in theories entirely within the scope of possibilities, as human nature actually is to day. The lecture throughout was replete with evidences of searching thought and thorough study of the speaker upon his subject nothing being left incomplete nor any position unfortified. It was a real feast of reason in an inviting form to all who heard it and was pronounced the most interesting lecture yet delivered in the course before this scientific association.

STOLEN TOOLS RECOVERED.—J P Judson a carpenter, at work on Capt Ainsworth's new building, corner of Seventh and Yamhill, discovered when he went to work yesterday after a few days absence, that tools valued at $40 had been taken from his chest, although he had locked it when he left, and it was locked when he returned. He reported his loss to the police authorities and the tools were found at a Chinese pawnbroker's and returned to the owner. It is stated that other carpenters have lost tools which were stored over night in new buildings and it is thought that the thief or thieves are Chinese who by some means have obtained duplicate keys to chests.

POLICE ARRESTS FOR MARCH.—There were 221 arrests made by the police during the month just past. The following is a summary: Drunk and disorderly, 110, abusive and obscene language, 12 assault and battery, 15; larceny, 6, burglary, 2 vagrancy, 3; fast driving over bridge, 1, contempt of court, 1; carrying concealed weapon, 1, interfering with an officer, 1, hauling swill at 3 P M, 1; defacing building, 2; cruelty to animals, 1; insane, 2, keeping opium house 1; receiving stolen property, 1; selling liquor without license, 1; indecent exposure, 1, highway robbery, 1, perjury, 1, disorderly conduct, 19; visiting opium houses, 2

PRESENTATION OF MEERSCHAUM PIPES.—Mr L P W. Quimby probably has the finest meerschaum pipe on the Pacific coast, which was presented to him by his old partner C H Perkins, in 1872. The pipe is one Mr Perkins purchased when in the mines in Canyon City, in 1865, and dug the gold himself that it is mounted with. The pipe cost $75, including the mounting. Mr. Perkins having a high esteem for Mr. Quimby, made him a present of the pipe, which is much appreciated by the recipient.

WOMAN'S GUILD.—At the annual meeting of the Woman's Guild of St. Paul's church Oregon City, held on Easter Monday, the following officers were elected for the ensuing year: Mrs A. B. Clark, vice president, Mrs J. W. Sellwood, secretary, Mrs H. Ostrom, treasurer, the Rev. J. W. Sellwood president, ex-officio in the chair. Reports were read by the secretary and treasurer showing good work done in the past year.

NEW DROP CURTAIN.—Mr John R Wilkins, the scenic artist of New Market theater, has been engaged for the past two weeks in painting a handsome new drop curtain. The subject is "Regulus leaving Rome"—a beautiful conception. It will be surrounded by heavy framing of golden tint. Mr Wilkins expects to have the curtain finished within a week. The proscenium and borders will be repainted and the stage otherwise improved.

ATTEMPTED OUTRAGE.—Wm. Francis, a vagabond who has been up before the police court several times, was arrested yesterday charged with attempting to commit an outrage on the person of Marcelaine Koutra, a little year old girl, residing near St. Vincent's Hospital. He was lodged in jail and will have an examination before Judge Burns this afternoon.

ELECTION OF VESTRYMEN.—Last Monday evening St. Luke's church vestry at Vancouver was chosen as follows Senior Warden, Mr C. G. Sawtelle, Junior Warden, Col. E. Hewson, and vestrymen, G. W Durgin J Benson, John Eddings, J. H Fletcher, Rev. F H E Ebstein, Alex Cook, Sr., and H. Whitney

APPOINTED DEPUTY COLLECTOR.—Mr Thos Frazar, for many years assessor of internal revenue for this state, and latterly postal agent on the North Pacific, and Portland and Astoria routes, has been appointed deputy collector of internal revenue to fill the vacancy caused by the death of Edward Cartwright.

R. R. MEETING IN EAST PORTLAND.—A mass meeting will be held in Neppach's hall, East Portland, on Saturday the 10th inst., to ascertain the sentiments of the people in regard to guaranteeing $22,000 to the Portland and Vancouver railroad.

ON PROPHECY.—There will be a discourse on prophecy this (Friday) evening at Nonpareil hall, commencing at 7 o'clock. All persons feeling an interest in the subject are invited to be present.

THE "OREGONIAN" IN SAN FRANCISCO.—Residents of Oregon and Washington territory who visit San Francisco, will find THE OREGONIAN on file in the reading room of the Occidental hotel.

WOMAN'S AID SOCIETY.—The annual meeting of the Woman's Aid Society will be held this (Friday) afternoon at 2 30 o'clock at the Unitarian chapel. A full attendance is requested.

MONUMENT TO HON GEO L CURRY.—The sons of the late Gov Curry purchased a handsome monument in this city yesterday to mark the resting place of their honored father.

FOR THE NORTH.—The steamer *California* which arrived here last night will sail from Portland for the north on Monday April 5th. The public will take due notice of this fact.

HIP DISLOCATED.—A little daughter of Al Sylvester, while playing a few days ago fell and dislocated her right hip.

BUSINESS NOTICES.

Louis G. Pfunder the popular florist, is out with an attractive display. Every kind of flowering plants for sale.

Any person desiring the services of an experienced saleswoman or who has copying to do should address "H B," care OREGONIAN office.

In consequence of the arrival of a very large and splendid stock of goods Mr Isador Gumbert will not be able to open his place of business (at No 172 First street) until to-morrow (Saturday). Look out for his display. His stock is second to none in the city.

Among all the clothiers in the city who have a reputation for keeping well selected stocks of all goods there is none more fully entitled to consideration than Mr J Kohn corner of First and Morrison streets. His store is well filled with suits of the best material and manufacture, and evidently justifies the large patronage he receives. Mr Kohn has just returned from the purchase of additional supplies to meet the requirements of the spring trade.

BODY FOUND IN THE RIVER

Attempted Inquest by Coroner Cooke

Yesterday afternoon the crew of a scow coming down the river when opposite Oak street discovered the floating body of a man a few yards from the R [illegible] dock. They threw a line about the body, tied the line to the dock and allowed the body to float. One of the hands went to police headquarters and informed Chief Luttrell, who directed officer Hudson to accompany the man who was evidently a stranger to him or to the office.

"Has the body been in the water long?" asked Hudson as they walked up [illegible] street.

"I must have been [illegible] some days," replied the man.

"Is it very much decomposed?" again asked Hudson.

"Yes it smells pretty bad," answered his companion.

Coroner Cooke was informed and he directed a driver and business man to summon a jury, which with the captain rode down to the dock in an express wagon. On their arrival they were surprised to see a jolly crowd stripping a straw man of his clothes and boots and they were still more surprised when they were greeted with a chorus of cheers. [illegible] "We have said [illegible] [illegible] [illegible] [illegible] [illegible] feel like drinking [illegible] [illegible] up to the office [illegible]"

The men [illegible] scow were in conversation, some one having prepared the cadaver and [illegible] [illegible] it to the [illegible].

THE COLUMBIA RIVER BAR.

The following notice to ship owners and masters of vessels has been issued by the president and secretary of the Portland board of trade

No vessel drawing over 20½ feet ought to cross the bar, except from about 1st of May to 1st October during which time it is generally smooth

Vessels drawing 18 to 20 feet of water can cross the Columbia bar at any time. While ships drawing 22 feet to 23 feet of water have occasionally left the Columbia river loaded with grain for the United Kingdom still the class of vessels most recommended by the board of trade for this river ought not to draw more than 20 feet when loaded because anything over that draft is liable to cause vexatious delays waiting for a smooth bar

Ship owners and masters of vessels are invited to communicate with the board and procure whatever other information may be desired as to the Columbia river and bar

The secretary of the board (Mr Reid) is instructed to answer all letters and queries which may be addressed to the board of trade on these subjects or relating to the navigation or commerce of Oregon.

RELIGIOUS NOTES

From the Sentinel

The festival of the Annunciation of the Blessed Virgin Mary occurring this year on the same day as ascension Thursday it has been transferred to Monday next the 5th inst

During Bishop Junger's recent visit to the western portion of his diocese he administered the sacrament of confirmation to 15 persons at LaConner. The church was beautifully decorated on the occasion and was filled by a mixed congregation who were greatly edified by the practical discourses which the bishop delivered during his stay

The new Catholic church at St Louis Marion county will be solemnly blessed by Archbishop Seghers on Sunday the 18th inst at which time we doubt not his grace will be warmly welcomed by the zealous Catholics of that parish. A magnificent set of stations of the cross has recently been received from the east together with elaborate candelabra and altar ornaments all of which have been paid for and will be used on that occasion for the first time

His grace Archbishop Seghers will leave Portland Friday for the purpose of visiting McMinnville where he will officiate on Sunday next. The following Sunday he will spend at Grand Round reservation. On Sunday, the 25th inst, the archbishop expects to visit the church at Cornelius after which he will depart for Jacksonville where he expects to officiate on the first Sunday in May. While in the southern section of the state his grace will visit the different localities where Catholics reside

Douglas County Democratic Nominations.

On Wednesday the democrats of Douglas county nominated the following ticket

State Senators—Gen Jos Lane, Hon J C Drain

Representatives—Tim Barnard J O Booth Eph Burchard James Adams

Clerk—Thomas R Sheridan

Sheriff—F P Hogan

Treasurer—Wm T Wright

Assessor—C Beelman

Superintendent of Schools—A J Warren.

Surveyor—Wm Thiel

County Commissioners—Perry Cook Jas Dillard

The ticket our informant says is not a very strong one, with the exception of Sheridan for clerk and Wright for treasurer, who will probably be elected unless the republican county convention makes judicious nominations. The remainder of the ticket will have to contend with a division in the party and most assuredly awaits defeat. The two factions of the democratic party had a warm time and our informant thinks that the beaten side will carry the war to the polls

STATE POLITICAL NOTES.

It seems to be well settled that either Rufus Mallory or M C George will receive the republican nomination for congress.

It is fortunate that Hon John M Thompson has been nominated as representative in Lane. Should he be elected there will be an addition to the vigilant and honest men in the assembly. But the Bourbons of his party may try to beat him for revenge

General Joseph Lane whose last appearance in politics was as a candidate for vice president of the United States has been nominated by the democrats of Douglas county for the state senate. A rest of twenty years it is hoped has added some political wisdom to the mellowness of years

There is a report which seems to come from a trustworthy source that John Whiteaker has written a letter positively refusing to allow his name to be used as a candidate for congress. It is said this letter will be produced at the proper time. The supposition is that Mr Whiteaker wants to wait and work things up for the United States senate

PORTLAND
CITY HOMESTEAD.

THE LAND IN THIS ENTERPRISE LIES adjoining the city and is only from ten to fifteen minutes walk from the court house and a less distance than that from one of the best public schools in the city. It is divided into

One Thousand and Twenty-Four Lots.

Fifty by one hundred feet in size with streets sixty feet wide. Two hundred of these lots will be reserved for those who desire to improve and build this summer and fall. These lots will be sold on the same liberal terms that are offered in the Homestead proper

Price.

All lots will be sold for $100 each payable in instalments of $5 per month or the small sum of 16⅔ cents per day. No interest will be charged and a good and sufficient Bond for Deed will be given upon the payment of the first installment of $5, and a Warranty Deed upon receipt of last installment both without expense to purchaser

Appreciation of Values.

By reference to *The Oregonian* of Feb 15th it will be found that city property has advanced twenty five per cent during the past year. As there has been no excitement, the rise is wholly attributable to the increasing immigration and the growing confidence inspired by our numerous railroad enterprises and the development of our many natural resources that have hitherto slumbered for lack of energetic men to develop them.

It is True,

That of all real estate investments the homestead plan is the best and safest, as all who invest are interested in making the whole property more valuable. To illustrate: Suppose A builds a house on his lot and B owns a lot adjoining. B gets the benefit of A's improvement while A is not injured thereby. This philosophy will apply to the entire property.

Wee have donated a lot to each of the principal churchs for church purposes

In addition to the above two lots are set apart for public school purposes

Division.

The division of this property will take place when the lots are all sold or in any event not later than the

28th February, 1881,

at the Mechanics Pavilion commencing at 10 o'clock A M. public notice of which will be given by publication in two principal journals in the State

It will be made in the manner decided upon by a majority of the purchasers in the Homestead. Purchasers interested may appoint proxies to act for them if they desire to do so. Parties who do not attend at the time of the division either in person or by proxy will be bound by the plan settled upon by the majority of those who do so attend

It is suggested by the purchasers that division might be made by placing the number of each lot and block in a wheel or box and the name of each party interested in the homestead in another—then a name will be drawn from one and a number from the other and the lot so drawn deeded to [illegible] whose name is so drawn when all payments are made

All but the first installment must be paid at the banking house of Ladd & Tilton in the city of Portland

MRS LITT considered by ladies of taste and judgment to be the Leading Dressmaker of Portland, can be consulted at her elegant brick structure,
Corner of Third and Alder Streets Portland Oregon.

A NEW IDEA.
In years past ladies have often been disappointed by having material slaughtered by inexperienced dressmakers and when the garment was completed
THE CRY WAS, NO FIT!
MR. LITT as usual in the lead has proposed to us to place before the public the following
FACTS!
For instance A lady desires a dress and finds it at A. B's store or can choose material in his store. MR. LITT will buy the material and pay for it, make it up and when done if the dress is not a perfect fit the customer can cheerfully leave it without any expense or risk
SUCH IS THE PROPOSITION.
And the only reason we can give for such an important proposal is that MRS. LITT is the most successful tailor on the coast.

Attention! Attention! Attention!

Is called to the fact that we have just received, per steamer State of California, a LARGE BANKRUPT STOCK, purchased in New York by MR. J FRANKLIN at 50 cents on the dollar, and the way we intend to show you that what we say is so and not merely bragging is by giving you a Price List that will astonish you all and if these figures are not the LOWEST in Oregon, we will stand aside and take a back seat. Competition is the life of trade, and there is so much competition in Portland that goods must be sold low to gain trade, and owing to the facilities we have in having our own wholesale house in San Francisco at 18 and 20 Battery street, we will again state that our prices cannot be beat.

NEWSPAPERARCHIVE®

The Daily Oregonian.

FRIDAY MORNING, APRIL 2, 1880.

A PERSONAL REJOINDER.

TO THE EDITOR OF THE OREGONIAN.

In your paper of the 29th inst. appears a card signed by one Walter Stanley, whose real name is John McConvers. I could give the public the true character and history of this person if he was worthy the space in your paper. He is the tool whom Bush, Thayer, Bellinger & Co. employed to sign the legal farce commenced against me. I will say that I never purchased any iron cells of Hawley, Dodd & Co., as superintendent of the penitentiary, and I never received a single dollar from Thomas Cross for hogs sold to him while I was superintendent of the prison, and either of the above named parties will verify this statement if it were necessary to show the mendacity of this McConvers, alias Stanley. This slanderer seeks to defame the good name of M. Myer, who now sleeps in his silent grave.

"To slander the living is accounted by honorable men as the basest of all crimes; but hell can boast no viler fiend than him who by tongue or pen lays slanderous charges against the honored dead."

Soon the many relatives and friends of Mr. Myer in Portland will have an opportunity to vote for or against the man for circuit judge of this district who has had more to do than any other one man in assisting McConvers, alias Stanley, by aiding in publishing such lies and prosecuting the suit against me.

This individual again repeats the oft told falsehood that I charged for trimming lamps and waiters on convict tables and in the laundry; yet no man knows better than he that no such charges are on my books. I do not change my name, for the reason I was born of a respectable mother and none of my relatives were ever hung in New York state for murdering their bosom friend for his money. And again I may find it necessary to lift the veil that covers the Massachusetts history of the Bush family. My father never did a disgraceful act that made it necessary for me to change my name. But, after all it is likely that the writer in your paper of the 29th inst., signing himself W. Stanley, is really A. Bush, writing over a fictitious signature, for he is as much entitled to that *nom de plume* as is poor McConvers, his tool. It will be noticed that the "note" from Stanley is dated, March 27th; sent from Salem to McConvers, it would reach him on March 28th, and it appeared in your paper March 29th. As Bush perpetrated such a falsehood on the people in his comparative statement of penitentiary expense, and was afraid to sign his name to it, there is nothing more likely than that he should adopt such an instrument as McConvers, alias Stanley, to put afloat such slanderous falsehoods.

In conclusion let me say, my assailant, while he was clerk of the investigating committee, made a proposition to a party in Salem that he would make the books of the clerk of the board of school land commissioners show a balance in the clerk's favor, for the sum of $600. W. H. WATKINDS.

THE LAFAYETTE LAND CLAIM.

PORTLAND, April 1, 1880.

TO THE EDITOR OF THE OREGONIAN:

For the last twenty years it seems to have been the province of some one to assert in print that the title to the Lafayette land claim had been settled and determined; the most recent of which appears in THE OREGONIAN of to-day.

What purpose can be subserved by a repeated and erroneous statement published in a newspaper, concerning that matter in advance of suitable knowledge to support it, I leave to the writer thereof.

L. SCOTT, for complainants.

FINANCE AND COMMERCE.

Financial.

THURSDAY EVENING, April 1.

SAN FRANCISCO, April 1.—Silver, 89½ buying.

NEW YORK, April 1.—Sterling exchange, prime bankers' bills, 60 days, short, $4 88½; good commercial bills, ½ to ¼c lower, documentary 2 to 1¼c lower.

U. S. bonds—5s of '81, 103¾; 4½s, 109; 4s, 106½.

LONDON, April 1.—Consols, 98 9-16 money.

U. S. bonds—5s of '81, 105¾; 4½s, 111¾; 4s, 108¼. Closed—2:30 P. M.—4s, 108¼.

LONDON, April 1.—Consols, 98 1-16; 4s, 104¾; 4½s, 111¾; Erie 46¾.

The demand for capital induced by the very general revival of business throughout the country, is causing talk of an increase of rates in the east, but the local market is unaffected, interest on loans and commercial discounts remaining unchanged in quotations and tendencies. Borrowers able to show securities first class find no difficulty in assuring accommodations at 1 per cent. per month, while considerable sums on real estate are being placed at 20 per cent.

Domestic Produce.

During the entire week under special review this evening the wheat market has moved very sluggishly in local circles, buyers being disinclined to operate beyond the bare necessities of the hour, while holders are firm in their demands in the face of a declining market abroad and an advancing tendency in the price of charters. A vessel, the *Caroline B.*, is the only new charter reported for a week past, and she was taken to load for Cork for orders at 65s, against 60s for the last previous charter for Queenstown. But few large lots of wheat are now offered, and these are held all of 50 per cental above bids, while some shippers declare that under the present price in Liverpool and at 60s for freights, wheat is not worth over $1 75@$1 77½ per cental here. At this figure, however, it is impossible to buy and to effect purchases shippers must pay at least $1 80@$1 85. At these figures, which is all that is realizable, there is not much choice wheat to be had. The vessels at hand are filling up gradually and the docks will soon be clear.—Flour, for the local and adjacent markets is in active request, and dealers are succeeding in working off the full stocks, so that the surplus carried over to the next harvest year will not be unusually large. Leading brands are quoted at $5 75@$6 per bbl, but sales are oftener made under than at these figures, there having been a good deal of cutting under in order to effect sales.

Oats for feed purposes are in active request and the tendency is upward. Local consumption is increasing and the surplus is not reported large. Some choice lots have been jobbed at 50 cents, but this is rather above the market, which is more nearly described in the figures 45@48c per bushel.

Hay, mill feed, etc., is in fair demand at current rates, with supply perhaps rather less than last week.

Potatoes still dull and prices quotable as low as ever, though choice for table use sell more readily.

Onions are firm at an advance of ½@¾c per lb.

Dairy products are quiet and prices weaker than at last report. Eggs a little firmer at the close.

Dried fruits have advanced about 1c per lb all round, as will appear by quotations.

The movement of the wool clip has not been of important quantities, though both buyers and growers are investigating the market and inquiries are general. Offers of 30@35c for fair to choice lots are inducing some growers to shear in advance of the season, but actual transactions have not been of sufficient magnitude to fully establish opening prices. Advices from manufacturing centers all agree that the supply is short of desirable qualities, and with an increased demand prices are still tending upward.

Home Produce Market.

WHEAT—Receipts light and decreasing in volume, buyers doing a little business at prices all the way from $1 80 to $1 85.

FLOUR—Best brands quotable at $5 75@6, with cutting under by some mills on round lots. Country brands and superfine, $5@4 50.

OATS—Market more active and demand increasing at 45@48c for good to choice, lower qualities 43@45c per bushel.

WOOL—Market strong at 30@33 for good to choice; light receipts and firm confidence on part of holders that the full prices will be maintained for some to come.

HAY—The supply is fair and dealers pay $14@15 per ton for good timothy.

BACON—Slightly firmer at following quotations: 10½@11c ℔ for sides, 12@13 cents for hams, and 7@8c for shoulders.

LARD—Market firm at 10½c in kegs, 11c in tins and 11@11½c in pails.

CHICKENS—Market well supplied; full grown, $3 50@4 ℔ doz; small to medium, $3@3 50 quartered; 7@8c ℔ for sliced; improved demand.

DRIED APPLES—Good demand at 7½@8c for Plummer dried at 11@11½.

DRIED PLUMS—With pits, 8c; pitless, 13@14c for sundried; 16@18c for machine plums.

EGGS—Market quotable at 16@18c.

ONIONS—Per 100 lbs sacked $2.

Chicago Grain Market.

[SPECIAL DISPATCH TO THE OREGONIAN.]

CHICAGO, April 1.—Wheat—Unsettled and lower, $1 13½ for cash, $1 13⅞ for April, $1 14¾ for May.

Corn—Easier, fresh 33⅛@⅜ cash, 36¾ May, 36⅞ June.

Oats—Weak and lower, 26¾ cash, 30¾ May.

Rye—48@71.

Barley—78.

Boston Wool Market.

A special telegram from Walter Brown & Co., Boston, received by the *Commercial Reporter* to-day says:

Market firm at unchanged quotations. The demand is for consumption only. There is neither Oregon wools or northern California on the market. There is a moderate stock of California poor fall on the market, which is neglected.

Oregon Wheat Quotations.

A special yesterday from Liverpool to the *Commercial Reporter* quotes Oregon wheat in that market as follows:

Cargoes are neglected, buyers are expecting lower prices.

Oregon cargoes on coast, basis of fair average c f i, 55s 6d per quarter.

Oregon cargoes for prompt shipment, basis of fair average c f i, 51s per quarter.

For average Oregon on spot, 11s 10d per cental.

The above shows a decline of 3d on spot and 1s on coast since our last week's issue, and of 1s 6d for shipping.

Gold and Stock Company's Reports.

SAN FRANCISCO, April 1.

Receipts—14,000 qrs flour; 33,000 ctls wheat, all on board ship; 200 ctls oats; 2000 sks potatoes; 5000 doz eggs.

Charters—Ship Seminole, New York; ship Tam O'Shanter and ship Invincible, coal from Departure bay, all private.

Apples—Ex State of California, sold at $1@1 40.

Oats—Choice Red Oregon, $1 42½; Surprise, $1 67½. The market shows no feature of striking interest; demand is good; supplies are very light.

Potatoes—Oats market is very soft; stocks are declining, with no promise of doing better.

Wheat—Hardly anything coming in. Offerings very small, but there is very little demand; there were few buyers.

Bags—Machine sewed, 22 and 35 inches, market is very stiff.

Hides—Dry kip and calf, market very stiff and demand good at 19½@20c; others active and unchanged.

Salmon—Columbia river, standard brands, market is very dead and nominal and probably quoted at $1 20@1 25.

Wool—There are eastern buyers in the market, but will not operate at ruling rates. Oregon wool selling at 30c for best.

Butter—California supplies are very large and market is very soft.

Eggs—18@19c; dull and weak.

CHICAGO MARKET.

CHICAGO, April 1.

Wheat—$1 15¼ for May.

Pork—$10 67½, May.

NEW YORK MARKET.

NEW YORK, April 1.

Wheat—Irregular.

Flour—Dull.

Wool—Quiet.

PHILADELPHIA WOOL MARKET.

PHILADELPHIA, April 1.

Wool—Quiet but firm at 65c.

SAN FRANCISCO MARKETS.

[SPECIAL DISPATCH TO THE OREGONIAN]

SAN FRANCISCO, April 1.—Butter—Market squarely down; sales freely making at 22½@23c for good to choice; it is stated that lower prices are accepted for round lots. ordinary, 20@21c; new keg butter, 23@25c.

Eggs—Downward tendency; California, 19@20c; eastern, 18@19c.

Wool—Receipts gradually increasing, mainly from lower coast; southern, 27½@32c; burry, 30@35 for free.

New York Wool Market.

[SPECIAL DISPATCH TO THE OREGONIAN.]

NEW YORK, April 1.—Wool—No material change in the market; prices of all grades well sustained and the tendency is still upward. Increased consumption of goods and a decidedly favorable change in the manufacturing business has led to a much larger consumption of wool than the trade anticipated, and, at all points the supply of raw material is small; hence the tone of the market is strong.

DR. PAUL M. BRENAN

The Most Successful Physician on the Pacific Coast.

IN THE TREATMENT OF ALL

CHRONIC AND DIFFICULT DISEASES.

DR. BRENAN WILL GUARANTEE TO CURE any form of disease of the generative organs or private disease.

He has become an expert in the treatment of disease, weakness and derangement of the reproductive organs of both male and female, including diseases caused by the

FOLLIES OF YOUTH,

such as SPERMATORRHEA, or SEMINAL WEAKNESS, or LOSS OF PERFECT VITALITY. Nearly two thirds of all the Chronic Diseases spring, either directly or indirectly, from some derangement of the sexual system, and yet this subject is neglected by the majority of the Medical Profession.

I know that persons who are unfortunate enough to be afflicted by any form of sexual disease have a delicacy, in calling upon the proper physician in time, from a sense of modesty and sometimes from ignorance, and permit those diseases to exist until their constitutions become corrupted, their organization broken down and the hope of future happiness blighted, until death becomes a welcome messenger to carry them out of their miserable existence.

Everything strictly confidential under all circumstances.

Lost manhood perfectly restored.

Catarrh, Bronchitis, Throat Diseases, Skin Diseases, Rheumatism, Kidney Complaint and all Diseases of the Eye and Ear, Stomach and Bladder, he can cure without fail.

Consultation Free, and a list of printed questions sent to those living at a distance who cannot consult him personally. Enclose postage stamp for it.

Office—No. 63 First street, between Oak and Pine.

Office Hours—From 10 to 12 A. M., 2 to 5 and 7 to 8 P. M.

YOUNG MEN

CONTEMPLATING THE STUDY OF MEDICINE preparatory to entering a medical college should apply at once to L. Brown, M. D., Medical Teacher, who will receive a limited number of pupils. Address L. BROWN, M. D., 127dtf Union Building.

Swallowing POISON

Spurts of disgusting mucous from the nostrils or upon the **tonsils**, Watery Eyes, **Snuffles**, Buzzing in the Ears, **Deafness**, Crackling sensations in the Head, Intermittent Pains over the Eyes, **Foetid Breath**, Nasal Twang, Scabs in the Nostrils, and Tickling in the Throat are

SIGNS of CATARRH.

No other such loathsome, treacherous and undermining malady curses mankind. One-fifth of our **Children die** of diseases generated by its **Infectious Poison**, and one-fourth of living men and women drag out miserable existences from the same cause. **While asleep, the impurities** in the nostrils are necessarily **swallowed into the stomach and inhaled into the lungs to poison** every part of the system.

Dr. Wei De Meyer's Catarrh Cure absorbs the purulent virus and **kills the seeds** of poison in the **farthest parts** of the system. It will not **only relieve**, but **certainly cure** Catarrh **at any stage.** It is the **only remedy** which in our judgment, has ever yet **really cured** a case of **Chronic Catarrh.**

Cured! Cured! Cured! Cured!

&c., &c., &c., &c., &c., &c.

Wei De Meyer's Catarrh Cure is the **most important medical discovery** since **vaccination.** It is sold by all Druggists, or **delivered** by D. B. DEWEY & Co., 46 Dey St., N. Y., at **$1.50** a package. To club, six packages for **$7.50. Dr. Wei De Meyer's Treatise is sent free to anybody.**

DRY GOODS!

The year 1880 promises, from present indications, to be the most prosperous season Oregon has experienced since its admission to the family of States. Immigration will pour in, railroads will be built, bridges erected, and localities hitherto inaccessible will be connected with the business centers and distributing depots of the State. This will augment business and require large supplies of merchandise to meet the changed condition of things.

We have anticipated the increased demand that will spring up for all classes of goods, and our purchases of

MIDDLE AGED MEN.

On examining the urinary deposits a ropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.
